Frank Wheeler, PH.D.
Director
Center for Health Promotion
S.C. D.H.E.C.
2600 Bull Street
Columbia, SC 29201

Dear Dr. Wheeler

1. The Air Force has, for many years, recognized the bad effects of tobacco both on the personal health of our people and on our mission readiness. We are tired of losing good people to tobacco.

2. Shaw Air Force Base would like to help with the Project Assist campaign. Within the limits imposed by our position as a federal agency and our mission, we will be an active participant in the anti-smoking coalition.

3. We offer our experience over several years with the successful Tactical Air Command anti-smoking program.

4. Thank you for this opportunity to be involved in what we see as a critically important health issue. Our Anti-smoking Project Officer is Captain Bruce Andrews, (803) 668-2571.

Sincerely

Thomas R Case

THOMAS R. CASE, Colonel, USAF
